ANNOUNCEMENTS

CONGRESS

MULL—We are authorized to announce Hon. Cordell Hull, as a candidate for Representative in Congress from the Fourth Congressional District of Tennessee, subject to the action of the Democratic party.

PRODUCED RESULTS

I want to say a few words to the citizens of Putnam county. Two years ago you honored me by electing me as your representative. If tangible results for your benefit were expected you made no mistake, for results were produced. I secured for you a great state school; passed an act that gives a high school to Monterey, Gentry and Cookeville, one for each division of the county; gave you a road law that will result in better roads, and several other local laws believed to be for the welfare of our citizens.

I also supported every administration measure, and backed up Gov. Rye to the best of my ability throughout the entire session of the legislature. With this sort of a record, I shall ask you to return me to office. Not for selfish purposes, but in order that I may be of further service to you and the state. Why should I not be reelected? I produced results and can do so again. E. L. Wirt.

The Tennessee Polytechnic Institute is not a Cookeville or local institution of learning. It belongs to the whole state, and any student in the state who desires such a practical education as it offers is not only welcome, but may get it free as to tuition, with very low other necessary expenses.

Shelby county, represented in the state convention by the "Crump gang," voted for Rye and for the temperance and enforcement laws including the outster law. Three cheers and a tiger for Shelby. They have accepted these laws in good faith, and they are as well enforced in Memphis as in any city in the state.

A few days ago a mob in Waco, Texas, took a young negro out of the courthouse after he had been convicted of murder and sentenced to be hanged, and burned him to death. This is another jolt given to the theory that abolishing the death penalty causes mob violence. This negro was under sentence of death when the mob did its work. The law was about to take its course, even to inflicting death.

The Herald believes the boys and girls of this section, given proper educational opportunities, cannot be excelled. That they will make their mark in the world and hold their own over all comers. That is why the editor worked so hard to secure the Polytechnic school. And he has now faith enough in these boys and girls to believe they will not prove disappointing. Get ready now to attend T. P. I. the first day it is open.

The state has put the Polytechnic school in Cookeville and the next move is up to the people of this section, for the attendance of all schools is largely local. If the school is to be the success hoped it must have students—plenty of them. If they are furnished the school will grow to be the greatest school in the state. Begin now to plan to attend the Polytechnic Institute. It will open in a little more than three months.

CONGRESSIONAL PRIMARY

The Democratic Committee for the Fourth Congressional district met in this city Tuesday and adopted rules to govern the primary to be held Aug. 3, to nominate a candidate for Congress. Two candidates qualified: Judge Cordell Hull and Hon. N. G. Robertson. The campaign will soon open.

THE PARTY WILL SEE

The Democratic party of Tennessee will see if it made a mistake in its selection of factions existing in Memphis. It will soon and out, that the working force is with them, and that old Shelby will be loyal from the bottom to top, and in November will roll up the usual Democratic majority for the ticket from Rye to constable. The only enthusiasts are in harness, and they love the work. Watch old Memphis in November. — Memphis Herald.

Hurrah for Rye, right or wrong!

EXPRESS THANKS

The following resolutions of appreciation were adopted by the Federal grand jury that was in session last week:

To Dr. E. W. Dyer, foreman of the grand jury of the United States District Court holding at Cookeville, Tenn., for the May term, 1916:

We your committee appointed to draft resolutions of thanks desire to report the following:

FIRST. We wish to express in strongest terms our lasting gratitude and deepest thanks to our foreman, Dr. E. W. Dyer, for his ready, intelligent and courageous handling of all questions brought before this grand jury, and for the impartiality which he has shown to all its members in the transaction of business.

SECOND. We wish to thank the Hon. Morton B. Adams, Assistant District Attorney, for his energetic and untiring efforts to present to this jury all the evidence in cases brought before it in its clearest and fullest form; but especially for his efforts to protect the innocent as well as present the guilty.

THIRD. We thank Hon. Martin Dowell for the manner in which he has waited upon this jury—his promptness, and the courtesy he has shown all its members.

FOURTH. We thank the Hon. E. T. Sanford, judge of the district court of the United States for the pleasant manner in which he has received all our reports.

FIFTH. Lastly, we wish to express our appreciation for the courteous and hospitable way in which the citizens of Cookeville have received us in their midst, and commend them for the long strides they are taking in behalf of civil government and education as is evidenced by the way the entire citizenship has worked to make Cookeville a center for the administration of justice and a point for the dissemination of useful knowledge among the people of this section of the state.

Respectfully submitted,
Ben E. Groce,
H. M. Stone,
R. W. King,
J. P. Jarvis,
Frank Richmond,
Committee.

For Walsh:—Cumberland 3; Overton 15; Trousdale 4; total 22. The following counties were not represented and did not vote: Clay 7; Pickett 4; Fentress 4; Morgan 4; total 19.

MEMORIAL DAY

Decoration of graves of U. S. soldiers will be conducted May 30 at the Maxwell graveyard, one mile from Baxter, at 11 o'clock; at Bloomington July 4 at 11 o'clock. Everybody invited, both Gray and Blue, and their sons and daughters are especially invited at both decorations. An effort will be made to organize a post.

May 30 will also be my birthday. I don't know what kind of a blessing I will receive on that day—it may be cards from my friends.

REV. M. JUDD, Chaplain,
Albert G. Davis Post No. 76.

SYMPATHY EXTENDED

The members of Baxter Lodge No. 449, I O O F, Baxter Tenn., hereby extend their sympathy to Bro. Azaro Mitchell of Double Springs, Tenn., in his bereavement caused by the death of his wife on the 9th of May, 1916, and while a devoted wife and a loving mother has been taken away, and the vacancy can never be filled, we only point the bereaved husband to the time when no more separations come, and where sorrow is not known.

Fraternally,
R. L. Richardson,
J. M. Hunter, Committee.

WHAT WE ARE DOING

By Ovanlie Myers

Summer is nearing,
And spring is most gone.
We are growing old,
As the days pass on.

The squirrels are playing in the tree,
And the birds are building in the lawn,
And we are all growing old,
As fast as time rolls on.

In the morning the bright sun rises,
And at evening sets in the western sky;
And one fact is we're growing old,
As fast as time rolls by.

That Morning Lameness

If you are lame every morning, and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on this testimony.

Mrs. Martha Hearn, 314 N. Maple St., Lebanon, Tenn., says: "My back ached constantly and I had soreness across my kidneys. I tired easily, especially mornings. Frequently I had headaches and I could hardly stand from dizziness. The secretions from my kidneys passed too freely. Doan's Kidney Pills strengthened my back and put my kidneys in good shape."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hearn had. Foster-Milburn Co., Props., Buffalo, N. Y. adv

TEACHER'S EXAMINATION

May 30 and 31 at City School Building

I am asked by the State Superintendent to announce that on the above date all teachers who have failed on any subject or subjects in the previous examinations may have the opportunity of taking these branches again. In other words, all subjects, including the Reading Circle, in the Elementary course will be given on those two days and anyone desiring to teach, who is of the proper age may take any or all of the subjects.

Examinations will be given in all groups of the High School course as heretofore arranged. In addition, a new group of subjects has been arranged for the benefit of those desiring to teach in two-year High schools, which is as follows: Spelling, Grammar, Rhetoric, Arithmetic, Algebra, General History and Biology. Those taking this group will be licensed to teach in the two-year high schools only.

I would say to those expecting to teach in this county that this is your last chance to qualify before schools begin in this county. I would be glad for any of you to attend a summer school, but do not depend on taking the examination at the summer school for you can not receive your certificate in time to begin school here. Under no circumstances will I recommend that a Temporary Certificate be issued where there can be a teacher obtained who is qualified.

READING CIRCLE EXAMINATION

Teachers holding five year certificates who desire to take the Reading Circle examination, only should be present at the City School building in Cookeville on May 30, at 10:30 A. M. Respectfully,
J. M. HATFIELD, Supt.

Well, the Present Week Has Been Quiet So Far

Criminal court is in session this week; last week Federal court was held in Cookeville and a large number of "moonshiners" attended, and many were found guilty and sent off from their families and have lost a crop—all on account of whiskey. Now, have you ever given whiskey any study? I have, and have handled it in every shape—but it is no good at all. All you can say for whiskey is, there is a lot of trouble and devilment in it, and just as long as you mess with it, that long will you be into trouble.

No one will give any young man a job who drinks whiskey, so when a man offers you a drink, turn away and tell him some good, fresh water is better and to excuse you, for whiskey will make you smart and say and do things you would not do if you didn't have it in you. A good, cool coca-cola or drink of water will do you a lot more good. Now all you young men will find this out to be true, as I have given it a thorough test, and all who know me are aware of this fact. The whole world is against the drink evil. I knew of a man who had \$150,000 on him at one time, and now he is at work by the day in order to live. I know this to be true.

Well, when you want a good meal or lunch, call around to D. A. Rawley's place, day or night, and get it, as I am always ready to wait on you, and you will be satisfied with my grub. I am almost out of wild hog, but have plenty of good old red hen, eggs, fish and sausage, also good steak; all kinds of sandwiches and cool drinks, and the best good old country style made coffee. I still keep all kinds of soap, tobacco and cigars; chewing gum of all kinds, from the popping kind to Slim Jim.

As Hite Mackie and Ridley Parkerson are working in my barber shop, I am in shape now to accommodate a man at my place, from a shoe shine to a shave or hair cut, a good meal or an excellent bed. If he isn't in a hurry we can sit down and chat a while.

You can get almost anything in the eating or soft drink line at my place, so call around and see me. I did not have time last week to say anything to any one, but I will now say to you that your meal is ready, with good coffee, any time you call around. I do some barbering myself when we've got a rush on hand. As my trade is growing fast I will soon have four chairs in my shop. Come around to see me and take a look at my joint; sit down and rest, as I have a cool place and papers to read. I am still at the old stand, next door east of Jenkins & Darwin Bros.' store, and enjoying good mountain air and health. Cookeville has the best and purest water in the country. I will now say that I am still around here, and expect to be awhile, if no bad luck overtakes me.

Yours etc.,

Your Health

DON'T ENDANGER IT WITH CALOMEL

It is generally agreed by experts in this country and Europe that calomel has a very violent effect on the system. This accounts for the familiar disagreeable feeling accompanying a dose, and the weakened condition following it.

Liv-Ver-Lax is a harmless vegetable compound, that is a mild, but effective substitute for calomel. It has all the effectiveness, but not the effect, of calomel. Its splendid value has brought it into such wide use that in some states it has almost entirely replaced calomel.

Just try Liv-Ver-Lax once, and you will never use calomel again. Insist on the genuine, bearing the likeness and signature of L. K. Grisby, which is guaranteed to give satisfaction or money refunded. For sale by the Wyly Drug Co.
